Beyond Mailing

Technology and marketplace development mean that the way in which we manage inbound and outbound mail has changed dramatically. Just as the mailing environment has evolved and matured; so too has our company, adapting to provide the very best for our customers.

MAIL MANAGEMENT • POSTAL DISCOUNTS • MAILING EQUIPMENT • MAILING EQUIPMENT SUPPORT

IRIS 475 Digital mailing system

IRIS 475

Powered by Pitney Bowes

Time is of the essence. There never seems to be enough of it in a day and getting your mail out the door and to its destination should not be a chore. It should be an effortless process that can be integrated into your business operation, keeping noise levels low, taking up little space, and creating no disruptions. It should have an advanced level of technology that is easy for everyone to use, with capabilities you can count on.

Enter the IRIS 475 Digital Mailing System. The system collaborates with you so you can communicate effectively with your customers and meet your mailing deadlines.

Mailmark & SMART Technology
The IRIS 475 Mailmark franking machine guarantees that every piece of mail is being sent at a significantly lower cost than SMART & non-SMART franking machines or stamps. Included is the ability to reclaim VAT (where applicable). Additional benefits include franking reply paid envelopes and improved reporting using InView.

Time Saving
The IRIS 475 has loads of cost savings capabilities like dimensional rating, Weigh-On-The-Way™ (WOW™) and a range of postal services beyond simple first and second class.

Technical details are subject to change without notice.

What is WOW?

Weigh-On-The-Way™ (WOW™) – Eliminate sorting mailpieces by weight and size with in-line weighing. Process up to 80 letters per minute in WOW™ mode. Dimensional rating accurately determines the cost for each piece of mail based on its length, width, thickness and weight – all in compliance with postal regulations.

Mailmark & SMART Technology

Gain access to lower franking postal rates and the ability to reclaim VAT (where applicable). Additional benefits include franking reply paid envelopes and improved reporting using InView accounting software.

Accountability

Expanded accounting capabilities to increase your productivity with InView™ Accounting, allowing you to print reports or export data to a PC or to the web.

Unrivalled efficiency

• Preset up to 10 jobs for quick access to routine tasks

Constant connection

To access postage and software downloads, there's no need to move the mailing system or to install a phone line. Simply connect to a local LAN connection and you'll get:

• 24/7 access to download software upgrades and postage

• Painless access to postal rate updates

Promoting business

Use your mail to advertise. The IRIS 475 Digital Mailing System comes with 10 standard envelope ads. You can order additional ads online and download them directly into the IntelliLink® Control Centre.

Maintenance cover

A valid maintenance service contract on your franking machines is a perquisite of ensuring you are able to retain you Royal Mail license to frank letters.

The Mailing Room are authorised by the Royal Mail to maintain and repair franking machines. We ensure your postal system is looked after by our experienced and trained technicians, therefore reducing any time wasted on technical issues.
