Ship parcels directly from your desktop

- Select package type and weigh your item
- Enter shipping address
- Choose delivery date and service
- Print and attach label

Take control of your postage expenses

- With flexible reporting at your fingertips, monitoring and controlling postage expenses has never been easier.
- Save time and eliminate errors often seen with manual postage reconciliation;
- Create spreadsheets and colourful graphs in minutes;
- Track mail expenses and recoup costs through chargeback

High Productivity

Optional Automatic feeder adjusts to sort mail by size and thickness. Self-aligning rollers prevent jams or misprints (optional).

Straightforward Operation

Shortcut keys help you speed your mail processing for maximum ease-of-use.

High Speed Connectivity

Connect with high speed LAN and get the latest postal rates, software updates, ink alerts and remote diagnostics.

Intuitive RunMyMail navigation

Get instant feedback on screen with Imprint Preview: see real-time the imprint you are designing – slogan, postal product, tariff...

Large Weighing Capability

Handle large C4 envelopes, and any size of parcels with the 30 kg scale option.

Improve mail impact Choose from library of images or add your logo, strapline, marketing messages or slogans.

Please remember the environment when you go to print. TMR print using vegetable based inks on FSC Certified paper.
